

GIANT PARADE FOR ORLAND PICNIC HOMECOMING JUST ONE WEEK AWAY

VERNE CRACKEL NAMED COUNTY SCHOOL SUPT.

The Will county board of supervisors has appointed a new county superintendent of schools. He is Verne Crackel, who has been a member of the Crete-Monee school district for 25 years, and who succeeds Louis Bottino, who resigned to become superintendent of Lockport Township high school.

The board of supervisors gave Bottino a rising vote of thanks for his 13 years of service to the county. Mr. Bottino has been a marvelous school superintendent and from all over the county have come commendations of his work. He has been noted for his kindness, courtesy and understanding attitude, and has been so helpful in the administration of the non-high school area work. To this work he devoted untold hours of his own time outside of regular office hours, without

Verne Crackel

thought of recompense. This district feels that in the resignation of Mr. Bottino they are losing a fine friend, as well as a capable school leader, while Lockport is gaining an invaluable educator to head their high school.

While this area regrets the loss of Mr. Bottino as its county school superintendent, it welcomes Mr. Crackel to his new position, feeling certain that he will measure up to the high standards set by Mr. Bottino.

In last week's issue, The Crete Record in an editorial, cited the high regard the people in that locality have for Mr. Crackel.

Mr. Crackel came to Crete in August, 1927, to take over the little frame school that had an enrollment of 115 pupils. That year the school had but four teachers including the teaching principal. His ability was put to severe test at that time, for at the end of the school year the frame school building burned down, and the placing of the eight grades that autumn without a building necessitated much initiative and planning on Mr. Crackel's part. Some classes were held in the town hall and others in the community center.

In addition to carrying on the teaching schedule for the year, Mr. Crackel also worked with the board for their new school, which was dedicated in April, 1929, a little less than a year following the burning of the old school. The new school was of brick, and cost \$100,000.

Mr. Crackel is also considered by the Crete-Monee people a sort of genius, as he had the burden of worrying through the depression days when bus fares to high schools elsewhere was a problem. That was the beginning of establishing a two-year high school in their own town in 1932. By 1936 the enrollment was 70.

With the support of the Crete Lions club, Supt. Crackel started a movement for a community unit system. The community was quick to follow Mr. Crackel's recommendations, which proved to be wise, as the enrollment of 700 last year in the Crete-Monee Unit No. 201 will bear out.

Verne Crackel took his bachelor's degree from the University of Chicago in 1935. With college training in social sciences and history he then specialized in school administration, and by 1949 had earned his master's degree in school administration at the same university.

CHURCH PICNIC

St. Anthony's annual church picnic will be held at Lincoln Estates Sunday, August 10. Elaborate preparations have been made for a big attendance. Everybody is invited to come.

Special Meeting by Mokena Board on Local Improvements

At the village board meeting Tuesday night, Mokena's chief of police, Whitney Carter, reported having made 11 arrests on June 29 to 30 and 31 arrests from July 1 to 31st. He reported checking on local vehicle license stickers; also on a boy's hay rack party last Saturday night in which they spread straw on Mokena's streets. To prevent them being arrested on a disorderly conduct charge, the boys agreed to clean up the straw from the streets and not to repeat the offense.

Mayor Spiess assigned to James Fassett the study of the present vehicle tax ordinance for a possible correction. The ordinance now places the local vehicle tax at \$3.00 if paid before March 1. After that it is \$5.00, and in the case when new residents move in the village after March 1, they are required by the ordinance to pay \$5.00, which is not their fault when they did not live here in time to get the \$3.00 rate.

Wendell Hamilton, chairman of the streets and alleys committee, reported on the contemplated resurfacing work of Third, Carpenter and Midland streets. The cost of that work comes from the state motor fuel tax fund. The board also allowed Mr. Hamilton \$500 from the local vehicle license tax money to be used for repairs on other village streets.

Edward Hentsch announced that George Bernard had been hired to remove branches of trees and dead trees from village property, and also branches overhanging on village sidewalks.

The board plans to hold a special meeting, yet this week with Linas Brown, chief engineer, Municipal division of DeLeuw, Cather & Co., of Chicago to hear his recommendations for a new village pump as based on the findings of a recent test made of the present village water pump. The discussion of sewer and water project will also come up at that time.

Notices have been sent to all delinquent water users. Carol Roberts was appointed to check on water users where there are no meters or where the meters are broken. He is to report back to the board in two weeks.

Kenneth Sherwood made a request for a fire hydrant near his property. It was suggested that the property owners in that area who would be serviced by an extension of water mains and fire hydrant might like to under take this improvement and have the cost prorated among them.

Mr. Sherwood stated he took exception to a recent editorial in The News-Bulletin which suggested increasing at once the water rates and each year extending water mains, etc., as the funds warranted. He said in that way it would take too long to get the needed water mains. The editorial brought out the fact by increasing the water rates, it would overcome a large interest rate which could be used for local improvements.

Mr. Sherwood, referring to the recent fire at his home stated no water came thru the fire hose of the Mokena fire department where the closest hydrant was at the school house.

Plans were made to hold a public hearing before the next regular board meeting on the question of re-zoning the former Roessner property, corner Wolf road and Front street, recently purchased by S. Hauck at New Lenox.

In regards to the controversy between the village board and Everett Cooper and others concerning water mains extension, Attorney Shenk was asked what he has done about it. He said he had spoken to Attorney Shuts to said that even though the agreement made at the time of water extended by Mr. Cooper and others are illegal and irregular, a compromise is suggested to be made between the parties involved. Mr. Shuts stated before he would suggest a compromise he would first have to consult the Chicago, Title & Trust Co., which holds property for heirs.

STARTS IN PLUMBING AND HEATING BUSINESS

Albert Belanger who, with his wife, has lived at 115th and Hamilton road in Mokena for the past ten years, is starting in the business of plumbing, heating and sheet metal work. Mr. Belanger has had more than 35 years experience in all kinds of plumbing and heating. He has just completed a large addition to his home, which he is using as a workshop.

Fire Destroys R. Hosh Home

About 5:30 Friday morning, July 25, the home of Mr. and Mrs. Rudy Hosh, on 81st street in Lincoln Estates, 2 miles east of Frankfort, burned to the ground.

On this morning Mrs. Hosh had risen early and put the coffee pot on a kerosene stove. She then went out into the yard to work among her chickens, the Hosh's being in the chicken and egg business.

While she was in the yard the coffee pot boiled over, causing the kerosene stove to explode. Instantly, the two-room house was enveloped in flames.

Mrs. Hosh rushed in to awaken her husband and two sons, who were still in bed. Because of the flames, however, it was not possible for them to make an exit through the door, so they jumped out of the bedroom window in their pajamas.

Mrs. Henry Sluiter and Mrs. Elwood Fritz, neighbors, fought the fire, together with the Hosh's with buckets of water, until the Frankfort fire department arrived but the heat was so intense they could do nothing to stop it. The house was burned to the ground and is a complete loss. Nothing inside was saved.

The Hosh's have two sons, Fred, 15, and Billy, 13, both in high school.

In this fire tragedy the community spirit asserted itself and everyone jumped on the bandwagon to give what help they could. Mrs. Elwood Fritz and Mrs. Jean Zar called on all the business houses in the village of Frankfort for donations and clothing. The results were far beyond their most optimistic expectations. Generosity was encountered on every hand.

Another group from Lincoln Estates which included Mrs. Raymond Ott, Mrs. Warren Wilson, Mrs. Carter, Mrs. J. Dixon and Mr. Martin of the Martin Chicken Farm, made a house-to-house canvass of the homes in Lincoln Estates and got immediate help to tide the stricken family over the emergency. This group also planned a shower, which was held the following Tuesday evening in the basement of the Catholic church. More than 100 people attended this shower.

The net results of this shower were that the Hosh's were again set up in housekeeping with the necessary equipment, pots, dishes, clothing, bedding, cash etc. The shower turned out to be a genuine community project during which many leaders came to the forefront. It was a spontaneous demonstration of admirable purpose. Someone would start a folk song and soon everyone was joining in the singing, whether they could sing or not.

Some thoughtful people brought home-made cake, coffee sandwiches, etc., and this was served all around. Everyone entered 100 per cent into the spirit of the occasion.

The Calvary Baptist church also rendered valuable assistance.

The Henry Sluiters had some vacant rooms on the second floor of their home which they have opened. The Hosh family is now quartered here.

The Hoshs had been planning to build a new home on the same lot and already had the basement built. Because of the fire Mr. Hosh and the boys are now working feverishly to get their new home completed so they will be able to move into it before the cold weather arrives.

The Hosh family is unable to express its gratitude to everyone who so generously helped in their time of need.

MOKENA GETS SET FOR RED LETTER DAYS AUG. 15, 16, 17

Former Homer Resident Killed In Auto Accident

Mr. and Mrs. C. G. Rowley of Homer township were called to Chicago last week by the sudden death of his sister, Mrs. Helen (Rowley) Church, who was formerly a Homer resident. Mrs. Church, a widow, was driving to California where she hoped to make her home near her son, Earl Church. Her son and family were driving in a car ahead of her near Yuma, Ariz., when her car overturned, killing her instantly. There was no apparent cause for the accident and it is believed Mrs. Church suffered a heart attack causing her to lose control of the car.

The body was brought to Oak Park, from where she was moving, and funeral services and burial were held there Saturday.

Surviving are the son, Earl; two brothers, Clarence Rowley of Homer and Adelbert of Portland, Ore.; one sister, Mrs. Jennie Fox, of Phoenix, Ariz.; and a grandson, Carter Church.

Mrs. Church was a former teacher in the Fairmont and Forest Park schools and also in the Chicago city schools.

There will be interest and excitement on every day of Mokena's 13th Annual Homecoming on Friday, Saturday and Sunday August 15, 16 and 17.

Elmer Schoeneck, general chairman of the event, has announced that on Sunday night the featured entertainment will be the Garetto Twins, an accordion and singing group from Blue Island, which recently appeared on the Sachs Amateur program. On Sunday night we also will announce the Queen of Homecoming and give many awards. There are five Mokena young ladies competing for the prize of Queen: Gladys Cervena, Carol Dina, Beatrice Benson, Mary Jane Wilson and Dolores Koopman, and your vote when buying a ticket may spell victory for one of these attractive girls. You can buy tickets at Boleman's if you haven't been asked already.

Donations of furniture and household items for the auction are coming in. The treasure so far is a 125-year old accordion (concertina) brought here from Germany over 100 years ago, and it is hoped that all buyers of antiques or collectors of musical instruments will be on hand to bid on it. The accordion is in good condition and still plays, though it needs a few key pegs.

Other items already sent in for the auction are several old china dishes, an electric iron, a boy's 20 inch bicycle, a set of matched, framed prints, 2 single beds, etc. Rev. Riemann, who heads the committee on the auction has assigned different parts of the town to willing drivers, and this team will stop at your house Wednesday evening, August 13, to pick up items for the auction. Please be ready for our door-to-door canvassers and have something set aside, if you have anything already contributed. Chas. Erickson, well known auctioneer, has agreed to give his services free to enable the Civic association to realize their cherished ambition of a recreation park for the Mokena youth.

Friday night of Homecoming there will be free entertainment provided by the Kelly Dancing School of Joliet. And to our guests of former years who were unable to find places to sit down and watch the show, Henry Shelton of the New Lenox Lumber company and Eli Brown of the Welsh Lumber company, have promised a good many specially made benches. These will come in handy on Sunday at 2:00 p.m. when our mile-long parade gets under way.

Saturday night's entertainment, which will alternate with the auction and will probably start at 8:30, will be provided by Mrs. Hauser's School of Dancing of Joliet.

Sometime this week, Earl Moss in charge of personnel, will be soliciting help to man the booths or sell tickets for the rides and he hopes everyone asked will be glad to lend a hand in order to make Homecoming at Mokena a huge success.

CHICAGO BEARS TO PLAY IN JOLIET AUG. 19

Joliet area football fans are going to have a chance to see the Chicago Bears play right in their own backyards.

Owner-coach George Halas, in agreement with the Joliet Lions Club, is going to bring his capering Bears to Joliet Tuesday night, Aug. 19, for an intra-squad game, it was announced by Bill Blackburn of the Lions' publicity committee.

The championship football show, starring such one-time All-Americans as Bob Williams, Geo. Connors, Steve Romanik and J. R. Boone, will be held on the gridiron in Joliet Memorial Stadium.

The intra-squad game in Joliet will be the only pre-season professional football game in Illinois, it was learned. Outside of the regular games in Chicago, it will be the only pro football game played in Illinois.

Chicago's Bears, who train at St. Joseph's College in Rensselaer, Ind., formerly scrimmaged several times for Indiana's football far. This year, they have cut down on their performances to accept the Joliet date.

The MYF of the Frankfort Methodist church will hold an ice cream social on the church lawn next Wednesday evening, August 13. They invite everyone to attend and enjoy a pleasant evening with them.

Melvin Whitaker, New Lenox Realtor, Taken by Death

Mr. Whitaker was married to the former Miss Evelyn Hacker of Mokena in Chicago on August 5, 1931, and for three years was connected with a financial house in Chicago. Upon his resignation the Whitakers moved to New Lenox, where he went into the grocery business, which he operated for five years. Later, he opened a real estate and insurance agency in New Lenox which he operated until the time of his death. He also served as justice of the peace in New Lenox for 13 years.

Surviving him are his widow, Evelyn, his son, Ronald, and a sister, Mrs. Bernice Nieser of Cleveland, Ohio.

Masonic services were held Monday at the Sonntag Funeral Home, under the auspices of Mount Joliet Lodge No. 42, A. F. and A. M. Burial was in Maplewood cemetery, New Lenox.

Mrs. Floesser Dies After Operation

Mrs. Johanna Floesser, of Mokena, died in St. Joseph's hospital in Joliet August 1, following a surgical operation performed a week earlier. She had been taken suddenly ill with a strangulated hernia, necessitating immediate surgery.

She was born in Stockholm, Sweden, April 17, 1876, the daughter of Mr. and Mrs. Magnus Holman. Her father died in her infancy and when she was but two years of age she came with her mother to this country to settle in Chicago.

Mrs. Floesser was united in marriage to Jacob Floesser, who died ten years ago. She moved to Mokena a year later with her daughter, Mrs. Harold C. Smith and family.

Mrs. Floesser's oldest grandson, Earl D. Clark, of Chicago, for whom she was godmother, was preparing to leave to join the Redemptorist order at Glenview on the day she became ill but postponed it until after the funeral.

Surviving, besides her daughter, Mrs. Smith, are three daughters, Mrs. Katherine Clark, Chicago, Mrs. Marie Jones, Alhambra, Cal and Mrs. Eva LaFond, Forest Park. Nine grandchildren also survive.

'SUMMER ON PARADE' IS THEME OF NEW LENOX FLOWER SHOW

The New Lenox Garden Club is sponsoring its annual Flower Show Wednesday and Thursday August 13 and 14. It will be held as usual, in the town hall on the camp grounds, from 2:00 to 9:00 p.m. of each day. The theme of the flower show this year will be "Summer on Parade."

The Garden Club has earned an excellent reputation by their previous garden flower shows which have been artistically arranged, and noted for their large variety. Because of this, two years ago they were awarded the green ribbon state award for having had the best flower show in the state of Illinois.

This was quite significant, when it is considered that the village of New Lenox, in order to win this award, had to compete with large, wealthy flower clubs in the Chicago area, as well as others throughout the state.

At their flower show this year they will have markets set up, where they will sell plants, homemade jams, and jellies. They will also have a refresh-

ment booth where barbecued sandwiches and "man size" cookies will be on sale. And there will be pleasing horticultural and artistic displays.

Mrs. Walter B. Houchin, who is president of the Garden Club of New Lenox, is also chairman of this show. Mrs. Ferd. Nusbaumer is in charge of refreshments. Mrs. George B. Schlottter is in charge of the markets, Mrs. W. S. Morgan, decorations, Mrs. Vernon Cammerer, fruit and flower guild, and Mrs. Oliver Schaefer of Mokena, conservation display.

There will be a small admittance charge to this flower show which will enable the club to continue with its civic work. Last year they gave \$50 each to the parochial and public school at New Lenox to help in the landscaping of the schools. They also gave \$50 to the Lion's Club to be used in extending their civic work.

Everyone is cordially invited to attend this Flower Show.

The entertainment committee has spared no pains in planning an elaborate program of games and amusements to keep the young people occupied and happy, and in their planning have not overlooked those of intermediate age, nor those whom the weight of years has slowed down. So, there is something in the way of entertainment to appeal to every age group and guarantee that next Sunday afternoon spent at this Legion picnic in Orland Park will be a memorable affair.

Refreshments of various kinds will be served by the Legion Auxiliary Post No. 526 at booths set up on the grounds. And a point of considerable importance—there will be plenty of parking space for all comers.

Everything is all set for a big, glorious red letter day at Orland Park, starting with the colorful parade at 1:30, but if you are smart you will be on deck a half hour or so ahead of time to make sure of a good point of vantage from which to view the parade.

Remember, it's a date, and bring the whole family!

SOIL PROGRAM AIDS FARMERS

In spite of the fact that a good many farmers have already made good use of assistance available through the Will County Soil Conservation district and Soil Conservation personnel, the fact still remains that many Will County farmers are not acquainted with the program and what it has to offer.

Several years ago farm owners in the county voted to form a County Soil Conservation district. Five farm owners make up its board of directors. These are elected at the annual meeting of this organization.

Serving at the present time are: Chairman, Alan B. Hamilton, Monee; vice chairman, William Goodwin, Wilmington secretary-treasurer, Kenneth E. Maves, Peotone; Clayton Eaton, Plainfield; William Schramm, Manhattan.

Trained personnel from the Soil Conservation service are assigned to Will and other counties, and are available to assist farmers who apply for assistance through the Will County Soil Conservation district.

Soil Conservation district personnel now serving in the county are Homer Kuder and Charles Fletcher. It has been found through experience that the most good can be accomplished by working with a neighborhood group of farmers who live with in one watershed.

Over 30 neighborhood groups have already been given assistance since this service was first made available to farmers in the county. They usually consist of from 6 to 12 farmers.

Soil erosion is a serious problem on hundreds of Will county farms. Much of the top soil in some parts of the county has already washed away. What's the answer?

Farmers who have been keeping a high percentage of their land in legumes and grasses and who are following a good rotation have found that soil losses have been minimized and that crop yields have gone up primarily because of an increase in the amount of organic matter and nitrogen in the soil.

Owners as well as tenants of land should give serious consideration to the establishing of a good land-use program. Anyone who desires more information as to how a group may be formed and assistance received may contact any of the directors, soil conservation personnel, or the Farm Adviser.

Problems of State

Lesson for August 10, 1952

McJUMPUP JUNCTION is not the best place to go looking for a statesman. A statesman is not a mere "dead politician" as cynics claim. A politician of the lower sort is a man who is in politics first of all for his own benefit, and secondly for the benefit of his own little McJumpup Junction, and no thirdly whatever. But a statesman is in politics for the benefit of the human race. A man may start in McJumpup Junction, as Lincoln did; everybody has to start somewhere. But he is no statesman until his home district no longer seems more important than the wide world.

For Defense ONLY A STATESMAN can deal with problems of state successfully. That was one of the troubles with the first King of Israel; he could see his own wishes and interests, but not those of the nation as a whole; and God was too seldom in his thoughts.

Let us mention three problems of state which are perennial; they pressed hard on Saul, they press on us today. One is called National Defense. There would be no such problem if all nations were friendly, but they seldom are. If all nations were on as good terms with one another as the United States is with Canada and Mexico, all of us would be better off. In ancient Israel they had this problem; they wanted a king more than anything else so as to build up an armed defense against a ring of enemy nations.

So in the United States today, the most acute problem, and the most expensive, before the nation, is that of defense and security.

Taxpayers complain without end; but it should be remembered that what eats up the taxes isn't the bureaucrats, it's military expenses. More than 75 cents out of every tax dollar is spent for wars, — past, present or future. That would not be necessary if all nations were friendly. So the underlying problem of state is: How can we create a more friendly international situation?

National Unity ANOTHER PROBLEM of state is that of national unity. This was acute, back in the days of Saul and Samuel. The twelve tribes of Israel had never done anything together since the days of Joshua. They wanted a king not only for the sake of defense but for the sake of national unity.

So it is today on a larger scale. If every congressman goes to the capital just for his own constituency and for nobody else, that makes congress a perpetual dog-fight.

There has to be somebody, or some group of men, who will be statesmen and not mere politicians; some person or persons of vision and influence, who will stand for all of the people rather than for only some of the people, — who will, if need be, stand for all of the people against some of the people.

But how are such wide-visioned men to be elected? A man is not better than his home-district voters want him to be.

Can Democracy Be Efficient? THE FIRST thing that is said of ly centralized power in business, or a nation, or in the church or anywhere, is that such power is more efficient than when it is divided up. Some dictatorships have been highly efficient.

Mussolini, it was said, cleaned out the slums of many a city, and even performed the miracle of getting Italian trains to run on time. But he turned out to be just another tyrant, and his people turned against him, as long ago the Israelites turned against Saul.

So a third great problem of state is this: Can a democracy be efficient? The ideal government is one which steers between two extremes: on the one side is anarchy, which is freedom without unity; and on the other side is some absolute centralized power which compels unity without freedom.

Democracy is precisely the attempt to take this middle road. It is not an easy problem. Saul did not solve it, nor did David after him; it is not solved today. But only men of wide vision and wide concerns, big-minded, public-spirited, can even see the problem, much less try, under God, to solve it.

Mrs. E. Marbach and daughter Susan visited with Mr. and Mrs. W. R. Oberling at Camp Point, the past week. Susan staid on at Grandpa and Grandpa Oberlings for another week. Mrs. Marbach also spent a week at Lake Region Christian Assembly grounds, at Cedar Lake, Ind. While there she attended the music, art and drama lectures which were the presentation of the week.

A three week vacation tour was enjoyed by the Paul Haneys and Mr. and Mrs. Kenneth Olson recently. They spent quite some time at Seattle, Wash., where Mrs. Haney visited relatives she had not seen for 23 years. Enroute they stopped at various points of interest, such as: Yellowstone Park, Coulee Dam, Petrified Forest and Mt. Ranier, and on the way home they viewed the Black Hills, Mt. **Evergreen Park
Sues to Condemn
Land to Widen 95th**

(CNS) The Village of Ever-
green Park has filed two suits in
Circuit Court, asking to con-
demn land in order to widen
95th and 97th streets.

The first suit was filed against
Mr. and Mrs. Al Shaw, who own
the tavern at 2501 W. 95th
street; William J. Wolf, and his
wife Minnie Wolf, 2527 W. 95th
street, and Schalk Bowling Al-
ley, 2635 W. 95th street.

Since the village is planning to
widen 95th street 10 feet, from
Western avenue on the east, to
the Baltimore, Ohio and Chica-
go railroad on the west, they
need 10 feet of these persons'
property.

The condemnation of the 10
feet will not interfere with any

of the buildings, which are set
back from the street.

In the other suit, the village
asks to condemn property own-
ed by Charles Schwingl, at 9700
S. Western ave. They will need
the entire building, which is a
Chinese restaurant, tavern, with
upstairs apartments.

The village plans to widen
97th street 48 feet, from West-
ern to the alley between Camp-
bell avenue and Maplewood.

The rest of the property in
their way is vacant, and no con-
demnation will be necessary.
The suits are based on the law
of eminent domain, which gives
villages the right to condemn
land through a petition, pay the
owner, and take possession.

From where I sit... by Joe Marsh

Well, What Do You Know?

Do you believe in a bunch of old tales about lightning—about how it's attracted by cats or the warmth of cattle... how it never strikes in the same place twice... or how it's liable to turn milk sour? Lots of people often do—but they're wrong.

Dad Hawkins inspired this column today. He's really studied up on lightning since his own cow barn was struck that time.

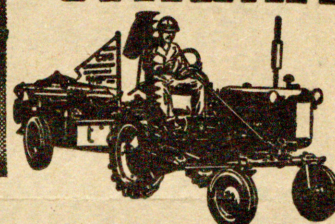

"Trouble is, most of us don't know half enough about the subject," Dad says. "And about half of what we do know is false!"

From where I sit, Dad's statements apply to a lot of things besides lightning. Too many people think they know their neighbor's wrong when he votes for his candidate instead of theirs. Some people even resent our right to enjoy a friendly glass of beer if and when we choose. Opinions based on misinformation and prejudice, instead of being "grounded" on true facts can cause more damage than lightning ever did.

**MICROSOL
FOG
GENERATOR**

is Fast, Easy to Use, and Efficient

By a revolutionary new method, the Microsol Fog Generator gives more complete, longer lasting coverage of insecticides than is possible with conventional spray machines.

Every second the Microsol Generator is in operation, it produces and distributes millions of insecticide molecules less than 1/500th of an inch in diameter! These accumulated molecules create a penetrating aerosol fog or mist that remains suspended in air, giving the insecticide lasting, deadly effect as well as instant action.

The Microsol Generator is small and weighs only 11½ pounds. To operate it you simply fill container with any insecticide (with water or oil base, ready-mixed or home prepared) and place the machine in center of area to be fogged. Turn the switch and regulate handy valve for density of fog. Spray a cow in seconds... the barn in minutes... with an insecticide fog that reaches even tiniest crevices.

Plan now, before fly time sets in, to investigate this latest improved method of insect control. Microsol Fog Generators are now being used successfully in dairy barns, poultry houses, stables and other buildings. See your local Public Service Company Engineer for additional information.

The Microsol Fog Generator operates on regular 110 Volt AC or DC (also available in 32 Volt DC and 220 Volt AC-DC). Neither steam, heat nor gas combustion chambers are required. Two whirling discs draw the insecticide from the container and force it into the room in billions of uniform-sized particles.

BASEBALL

by Denny Wheeler
Frankfort dropped another game to Tinley Park Monday evening at Tinley. In two contests with this club, Frankfort has dropped both.
Studnicki Pitches Again
Last Friday night Ronnie Stud-

nicki returned from vacation and he and the players trounced Beecher 5-1. But since the other 2 Frankfort pitchers went on vacation (Allan Mager and Dave Zechlin) he was forced to pitch again. He was met by Tinley with 5 hits, all hard ones.

Manager Returns

Frankfort manager, Wendell Morrison, got back from his vacation in time for the game. He was greeted well when Frankfort snapped off two runs right away, but in the last half of the first, Tinley Park scored one on some jittery fielding.

The Second

In the last of the second inning the roof literally caved in on Frankfort hopes. Some more shaky fielding combined with some walks, and a few booming hits, tallied 3 runs. When Ronnie tried to bear down, the ball went wild. So he slowed a slight bit and they would either ground out a base on an error or slap the ball for a base or extra base hit. When it had all ended Frankfort came back in the fourth with one run. Little Jerry Peipenbrink drove in Ronnie Studnicki for the tally. By the way, little Jerry got 2 hits, a single and a double which bested the Frankfort hitters for the day. But meanwhile in the third Tinley had scored 2 other runs so the score stood as the game progressed into the fifth, Tinley Park, 6; Frankfort, 3.

Big Chance—No Runs

Chances of a win were almost abandoned in the top of the fifth when Frankfort loaded em up with no outs. But Dave Robinson ended the inning with a strike out after slugging a booming foul down the right field line.

The Argument

With a runner on first and second for Tinley Park and 2 out the batter grounded to Fink at short, as he took the ball the runner collided with him. By the time the dust had cleared the runners were safe all around.

Then came the beef. All the Frankfort fans thought the runner from second interfered with Fink. But the umpire's decision stood. Frankfort failed in the sixth so Tinley won.

The final score:
Frankfort 2 0 1 0 0—3
Tinley Park 1 3 2 0 0—6

Homer Man Hurt In Trailer Mishap

Lewis Barr of Homer township who was driving the M. E. Cagwin semi-trailer near Gardner. Wednesday evening, escaped serious injury when he turned onto the shoulder to avoid striking the car in front of him. The front car in a line of vehicles, slowed suddenly to turn at an intersection, and Barr, who was at the rear of the line, did not have time to come to a full stop. His trailer tipped over but the tractor remained upright when he struck the soft shoulder. His face was cut and bruised but he was otherwise unhurt.
